

LIFE SCIENCES & ORIGINAL EQUIPMENT MANUFACTURERES

FROM PROTOTYPE TO 500 UNITS

WHY CHOOSE ATS?

WHEN EXPERIENCE COUNTS, AND TIME IS CRITICAL.

ATS IS THE FOUNDATION TO YOUR SUCCESS

Backed by the foundation of ATS Corporation, REM provides **outsourcing solutions** offering **turnkey equipment manufacturing**, modular assembly, subassembly, service and installation. Supported by a **value analysis and value engineering (VA/VE)** approach, we work to deliver to your deadline whether you need a single prototype or quantities of 500.

ATS REM can help you **ramp up the manufacturing process** to get your products to market faster.

As part of our **strategy**, we look to **diversify and expand** our capabilities to provide value and expertise to our **health and sciences** customers.

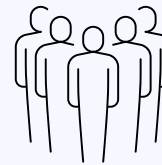

ATS **REPETITIVE EQUIPMENT MANUFACTURING**, also known as **REM**, provides:

- Contract manufacturing of equipment
- Short-term and surge production capacity
- Solutions for higher complexity, multiple components, and lower volume products not generally attractive for fully automated assembly

GLOBAL SERVICE & SUPPORT

SUPPORT

ONSITE EMERGENCY RESPONSE AND COVERAGE

Hypercare support during commissioning and ramp up.

ONSITE RAMP-UP SUPPORT (EXCLUSIVE TO ATS STARTUP SERVICE PLAN)

ATS onsite support during critical events.

REMOTE SUPPORT

Accelerate recovery from downtime events with ATS expert support.

EMBEDDED SUPPORT

ATS as an extension of the production team.

CUSTOMER PORTAL

360 view of service history and asset information.

MAINTENANCE

SYSTEM HEALTH CHECK

Machine inspection & preventive maintenance.

PPM PLAN OPTIMIZATION

Maintenance planning & production optimization.

Our after sales and service team has the knowledge and experience to support the total life cycle of your automation system. We understand your needs and will tailor a solution that creates the greatest value.

SPARE PARTS

SPARE PARTS REPLENISHMENT

Allotment of funds for spare parts replenishment for increased parts availability.

eCOMMERCE

ATS parts on demand.

OBSOLESCENCE REVIEW OF ASSET BOM AND LIFECYCLE

Proactive identification of obsolescence risks.

SPARE PARTS INVENTORY

Identify areas where you can optimize inventory and reduce risk.

TRAINING

INSTRUCTOR-LED LAUNCH TRAINING

Set operations up for success.

eLEARNING

High-speed automation specialist (HSAS) program.

INSTRUCTOR-LED TRAINING

Empower your workforce.

SMART COACH

On-demand visual task training.

PERFORMANCE

RELIABILITY ASSESSMENT

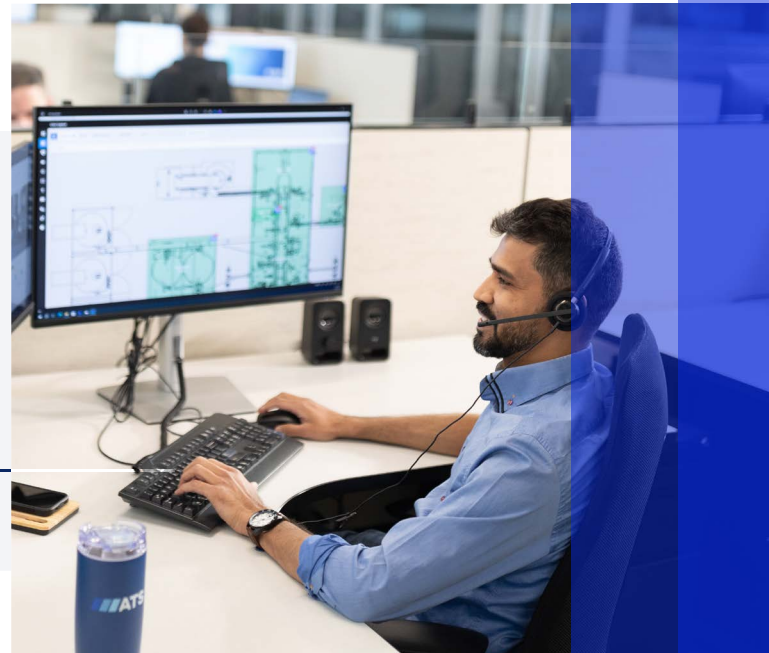

Production ecosystem overview.

MANUFACTURING SOFTWARE

Illuminate™ manufacturing intelligence.

PRODUCTION PERFORMANCE ANALYSIS

Performance benchmarking and improvements.

ATS INTEGRATED SUPPORT MATTERS

- Lower cost of opportunity
- Better risk management
- Higher OEE & output
- Optimal budget
- Optimal resource planning
- Reduced lead time
- Longer life use

STRONG FINANCIAL PERFORMANCE*

4 WAYS ATS REM

CONTRACT MANUFACTURING HELPS CUSTOMERS

TIMELY

- Structured project management program
- Designed manufacturing process
- Continuous improvement through our ABM program
- Extensive global supply chain management
- Leveraging over 20+ years of continuous improvement culture

CAPABLE

- VA/VE support to improve delivery and product quality
- Aftermarket services and support
- Product design and prototyping
- Next generation design
- An extension of the customer's team

SCALABLE

- Scalable manufacturing
- Global service support
- Engineering SWAT team
- Global spares management support
- Global upgrades and refurbishment deployment
- Global installation and commissioning

COMPLIANT
